

**Get out of Dodge - Escape the Stampede, discover Kimberley & breathe...**

This is the first in our Summer Series entitled "Did you Know....." where we will provide points of interest on the Kimberley region in general and about our DreamCatcher community. Our goal is to provide you with relevant and timely information about developments in Kimberley and at DreamCatcher that you may not already be aware of. Please feel welcome to share this information with your friends, family and associates as you see fit. Please also feel welcome to contact us at any time - over the internet, via telephone, or in person - we welcome your feedback and queries, and look forward to speaking with you.

**Did you know.....**Kimberley is amongst Canada's sunniest cities....And you can make your Summer sostiце feel like it lasts even longer. Kimberley is also the highest city in Canada with an elevation of 3,663 feet/1,110 metres (Banff is actually at a higher elevation, but is not considered a City.) So be sure to bring your sunscreen when you are outdoors biking, hiking or simply enjoying the fresh mountain air!

At DreamCatcher, you can choose to live the High Country lifestyle for a couple of weeks or a lifetime. Since January, this 25 acre master-planned community has been selling "FreeStyle" a limited collection of 19 woodland homesites where you can select from one of our 4 DreamCatcher home designs or now plan and build one of your own. With Alpine-themed architectural guidelines to lead the way and a private first class amenity club already open, you can get on the trail to living the High Country life you have always dreamed of.

See you soon,
